- ***The BBAC Chairman noted all concerns raised and said that changes in the Bidding Documents will be made official through the issuance of a Supplemental/Bid Bulletin.***
- o. All qualified bids identified after the Opening and Preliminary Examination of Bids shall then be subjected to Detailed Bid Evaluation in order to identify the bidder having the Lowest Calculated Bid (LCB).
- p. The LCB shall be determined in two (2) steps:
 - p.1 The detailed evaluation of the financial components of bids to establish the correct calculated prices of the bids; and
 - p.2 The ranking of the total bid prices as calculated per lot from the lowest to the highest. The bid with the lowest price shall be identified as the Lowest Calculated Bid on a per lot basis.
- q. The BBAC shall conduct a detailed evaluation of all bids rated as “Passed,” using non-discretionary pass/fail criteria. The BBAC shall consider the following in the evaluation of bids:
 - Completeness of the bid. Bids not addressing or providing all of the required items in the Schedule of Requirements including, where applicable, bill of quantities, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a "0" (zero) for the said item would mean that it is being offered for free to the Procuring Entity, and
 - Arithmetical corrections. Consider computational errors and omissions to enable proper comparison of all eligible bids. Any adjustment shall be calculated in monetary terms to determine the calculated prices.
- r. Based on the detailed evaluation of bids, those that comply with the abovementioned requirements shall be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, to identify the Lowest Calculated Bid. Total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, which exceed the ABC shall not be considered.
 - r.1 The Bidder/s having the LCB shall then be subjected to post-qualification to determine whether it complies with and is responsive to all the requirements and conditions provided under IRR of R.A. 9184 and the Bidding Documents for the project.
 - r.2 During Post-Qualification, the BBAC shall verify, validate and ascertain all statements made and documents submitted by the bidder having the LCB to consider, but shall not be limited to the legal requirements, technical requirements, and financial requirements. Further, the bidder having the LCB must submit within a non-extendible period of five (5) calendar days

from receipt of the BBAC notice the Latest income and business tax returns filed electronically through the Electronic Filing and Payment System (EFPS).

- s. If the BBAC determines that the Bidder with the LCB passes all the criteria for post-qualification, it shall declare said bid as the **Lowest Calculated Responsive Bid (LCRB)** and recommend to the **Head of the Procuring Entity** the award of contract to the said Bidder at its submitted price or its calculated bid price, whichever is lower.
- t. Within ten (10) calendar days from receipt of the Notice of Award, the successful Bidder shall post the required performance security, sign and date the contract and return it to PAGCOR.
- u. Pursuant to Section 35 of the IRR of R.A. 9184, the BBAC shall declare a "Failure of Bidding" when:
 - u.1 No bids are received;
 - u.2 All prospective Bidders are declared ineligible;
 - u.3 All bids fail to comply with all the bid requirements or fail post – qualification; or
 - u.4 Bidder with the LCRB refuses, without justifiable cause, to accept the award of contract, and no award is made.
