## **MORATORIUM ON ACCREDITATION OF NEW TRAINING PROGRAM PROVIDERS**

On February 20, 2020, the PAGCOR Board approved the implementing guidelines on the issuance of Offshore Gaming Employment License (OGEL) and the Accreditation of Training Program Providers.

The Training Program Providers are accredited third-party providers authorized by PAGCOR to conduct training programs for foreign national employees of Licensees and its accredited Service Providers as part of the requirements to secure an OGEL.

Upon evaluation, the remaining percentage of employees required to undergo training and the current rate of recruitment of our Licensees and their Service Providers, can be efficiently covered by our six (6) Training Program Providers.

In view thereof, please be informed that as approved by the PAGCOR Board of Directors on April 12, 2023, the acceptance of new applications for Training Program Providers is suspended until further notice.
