ENTERPRISE SERVICES GROUP*Facilities Management and Engineering Department***MEMORANDUM**

October 11, 2021

TO : **THE BRANCH MANAGER** 
Casino Filipino-Olongapo

ATTENTION : **THE SENIOR ADMIN. MANAGER-PLFM**
THE SENIOR FACILITIES MANAGEMENT OFFICER

FROM : **THE ACTING ASSISTANT VICE PRESIDENT**

SUBJECT : **FACILITIES AND ELECTRO-MECHANICAL AUDIT**

In our thrust to ensure that PAGCOR casino properties are properly maintained and compliant with the set standards and criteria on General Housekeeping and other applicable Laws on Building Maintenance, we will be conducting facilities and electro-mechanical audit on October 25 to 29, 2021. The audit will cover the overall facilities and electro-mechanical tests of the main branch and satellites.

May we request the presence of the SFMO and maintenance staff to join the audit team during inspection. This will enable them to act immediately on trivial concerns and at the same time mark all significant findings to be addressed.

At the end of the audit, may we also request for an exit meeting with you and the concerned divisions, to discuss our observations and resolve matters that need to be addressed.

For the Post Audit - Evaluation Phase, a monitoring of compliance to recommended courses of action may follow in the form of another visit or coordination with your branch, to validate the status of our recommendations.

Thank you for your usual support and kind assistance.

RENAN M. BRIONES
